“Request For Your Urgent Intervention For Long Awaited Democracy In Zimbabwe”.

HBR (Hola Bon Renaissance) Foundation is a non-politically aligned, non-governmental organization having been established to address and encourage the growth in African communities through socio-economic transformation and building societies that are self-sustainable with a central economic hub.

On behalf of the civil organisation in Southern Africa, and Africa in general, we appeal to the Prime Minister of Zimbabwe Honorable Mr. Tsvangirai, to uphold the responsibility of being Prime Minister, one of the highest office in the Country of Zimbabwe, by adhering to the judiciary system that governs Zimbabwe and supporting democracy for the people of Zimbabwe.

It must be respected that no government position or person can be above the highest Court the “Constitutional Court” in Zimbabwe, which ruled last month that Zimbabwe must go to an all inclusive national general election by 31 July 2013, which all parties and the people of Zimbabwe have been awaiting to exercise their democratic right to choose the party that will govern them.

We also request the Independent Electoral Commission in South Africa to prepare a high level team that will ensure Free and fair elections take place in Zimbabwe.

We further appeal to the Africa Union to allocate small resources and a high level delegation team that will be deployed to strengthen the democracy, security for free fair and transparent democratic elections.

Zimbabwean people are ready to govern, lets us be there to assist them working together for a better change.

In fostering free and fair elections we also request all African media houses be allowed to cover Zimbabwe general elections.

Thanks in anticipation
